Doodle Acorn Press

8 spooky-fun maze adventures

A free sampler for curious kids ages 4-8

A little paper. A pencil. A path to discover. Try two mazes from each level of our Halloween book, Halloween Mazes for Kids Ages 4-8.

Start where it feels fun

Trace from the top arrow to the bottom arrow. A wrong turn is a chance to try another way. Start with Acorn, or pick the level that suits your child today. The drawings are yours to color, too.

★	**Acorn**	Pages 2-3	Friendly first paths
★★	**Sprout**	Pages 4-5	A few more turns
★★★	**Sapling**	Pages 6-7	New shapes to explore
★★★★	**Oak**	Pages 8-9	A bigger adventure

Print a little. Play a lot.

Use US Letter paper (8.5 x 11 inches), portrait, single-sided, at Actual Size / 100%. For A4 paper or if a print preview clips an edge, choose Fit to printable area. Black-and-white printing is fine.

Print pages 2-9 for the activities. Keep pages 10-11 for the grown-up: they show every solution. Page 12 is a certificate to celebrate finishing the pack. You can print just one activity today and save the rest for later.
