

8 little maze adventures

A free sampler for curious kids ages 4-8

A little paper. A pencil. A path to discover. Try two mazes from each level of our first book, Mazes for Kids Ages 4-8.

Start where it feels fun

Trace from the top arrow to the bottom arrow. A wrong turn is a chance to try another way. Start with Acorn, or pick the level that suits your child today. The drawings are yours to color, too.

★	Acorn	Pages 2-3	Friendly first paths
★★	Sprout	Pages 4-5	A few more turns
★★★	Sapling	Pages 6-7	New shapes to explore
★★★★	Oak	Pages 8-9	A bigger adventure

Print a little. Play a lot.

Use US Letter paper (8.5 x 11 inches), portrait, single-sided, at Actual Size / 100%. For A4 paper or if a print preview clips an edge, choose Fit to printable area. Black-and-white printing is fine.

Print pages 2-9 for the activities. Keep pages 10-11 for the grown-up: they show every solution. Page 12 is a certificate to celebrate finishing the pack. You can print just one activity today and save the rest for later.

Made to enjoy at home

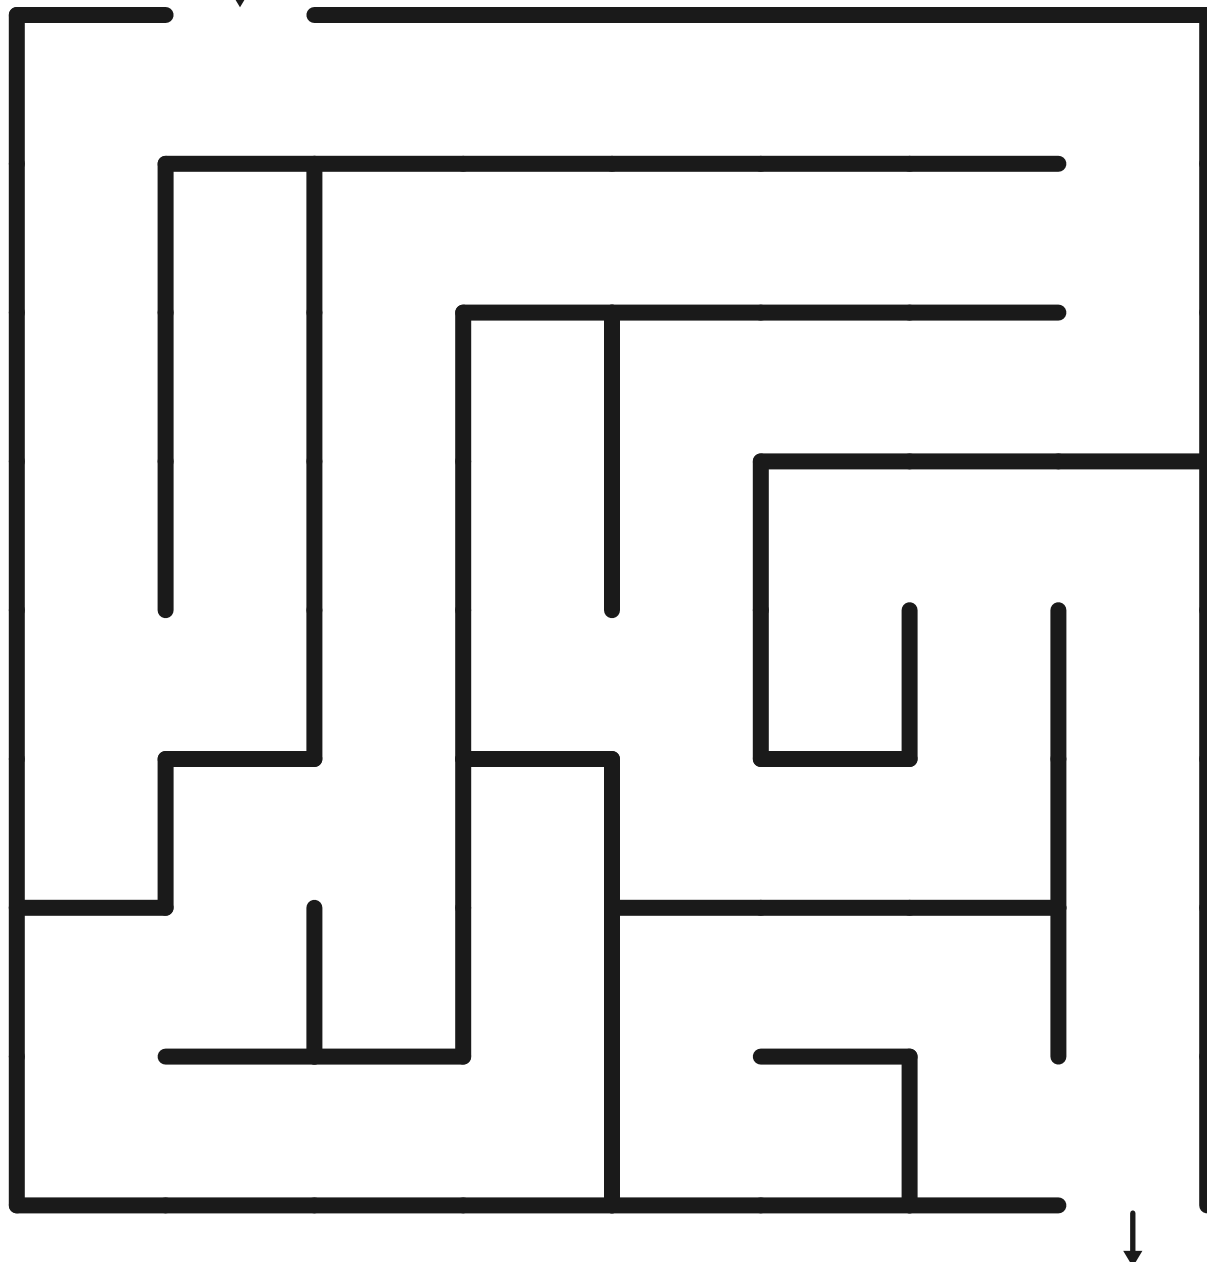

You may print copies of this free sampler for personal, non-commercial use within your household. Classroom or group copying is not included. Please do not sell or redistribute this PDF.
